

Youth Director Speaks At Foursquare Church Today

The Rev. Lester Vollmer, national director of youth and Christian education for the Foursquare Church, will speak at special services this Sunday at the local Foursquare Church, 10:45 a.m. and at 7:30 p.m.

2 Local Airmen In Philippines

Two airmen from Torrance have arrived in the Philippines to serve a tour of duty with the United States Air Force. They are Airmen Second Class Alfred L. Long, son of Mr. Rich-

ard A. Long, 1416 W. 216th St., Clark AFB is the largest military installation in the Far East. Only a few hours flying time from China, it figures strongly in the United States Far East defense plans.

The Philippines is the first overseas assignment for the two airmen who enlisted in the United States Air Force in September, 1951.

A graduate of Narbonne High School in Lomita, A/2c Long formerly worked for the Pacific Coast Borax Co. in Wilmington. A/2c Dickerson completed his secondary courses at Ingewood High School. He also attended William and Mary College in Norfolk, Va., and Northrop Aeronautical Institute at Hawthorne. Before he joined the service he was employed by the Otis Furniture Co. in Ingewood.

LITTLE LEAGUE BASEBALL.
STARTS SEASON
With the parade last Saturday kicking off the baseball season for the Little League, there'll be nothing but ball playing the rest of the summer... Playing several games a week can keep those little guys real busy and real enthusiastic... AND real happy and off the streets. With the juvenile delinquency as it is, it seems to me that that participation in that ALL AMERICAN SPORT, baseball, can do a lot of correcting and preventing.

Our Little League Benefit Show is all set for Saturday, July 25 at 8 p.m., you know. The Torrance Civic Auditorium is being used for the occasion. And occasion it will be, too. We're importing some real good out-of-town barbershop quartets to add to our own. AND a barbershop chorus of approximately 50. There's singin', children. Yowzah.

Added to the quartet music will be some more stuff that'll really give you a lift. So don't forget the date, **SATURDAY NIGHT, JULY 25, CIVIC AUD.**

Well, we had a couple of visitors again last night. A bass and a lead singer. (For you poor unfortunates who are not barbershop harmony initiates, a lead singer sings the melody)... Last week a visitor didn't know which part he could sing, so we put him in the lead section as is our wont concerning inexperienced men. It wasn't long 'til he found he couldn't hit the notes, so we shoved him down to the baritone section. That's the way we do it. If you don't fit one place, you will another. So, like I been sayin' fellas, come on down any Tuesday night about 8, to the Betty Thomas Studio at Crenshaw and Torrance Blvd., or call me for info.

That reminds me. I've got to arrange a committee meeting for next week sometime. Ah, show business! See you July 25.

Heritage of Man Lesson-Sermon For Next Sunday

Inspired Scripture reveals health, harmony and freedom as the heritage of man asserts the Sunday lesson-sermon on "Christian Science" in all Churches of Christ, Scientist.

The golden text is from I Peter (2:9): "Ye are a chosen generation, a royal priesthood, an holy nation, a peculiar people; that ye should shew forth the praises of Him who had called you out of darkness into His marvellous light."

These declarations of Jesus from His Sermon on the Mount are included in the sermon: "Blessed are they which do hunger and thirst after righteousness: for they shall be filled... Blessed are the pure in heart: for they shall see God" (Matt. 5:6,8).

Mary Baker Eddy says in "Science and Health with Key to the Scriptures": "Jesus demonstrated the power of Christian Science to heal mortal minds and bodies. But this power was lost sight of, and must again be spiritually discerned, taught, and demonstrated, according to Christ's command, with 'signs following.' Its science must be apprehended by as many as believe on Christ and spiritually understand Truth" (p. 110).

Christian Scientist Radio Lecture Reported

"God's Abundance Available Through the Application of Christian Science" will be the subject of a lecture to be radio-cast over station KVEB (980 kc), Monday evening, June 29, at 8 o'clock, from Nineteenth Church of Christ, Scientist, Los Angeles. The lecturer, Arthur C. Whitley, C. S., of Carmel, California, is a member of the Christian Science Board of Lectureship.

HIGHWAY TOWNS
More than 25,000 United States communities have no land transportation other than that provided by motor vehicles over highways.
